

trio set with crystal and polished rhodium tone styles, plus fashionable stretch metallic mesh bracelets with tassel and crystal charms in a choice of rhodium or rose gold tone. 5. Shiseido has updated its existing Total Revitalizer for men with a new skin workout concept that combines facial muscle training with advanced skincare technology. The high performance anti-ageing cream is formulated with ImuBuild Complex which increases skin's resistance to environmental stress, while Marine Protein visibly sculpts and tightens facial contours for a toned look. 6. The fact that one in three travellers wears reading glasses is the rationale behind Z-Zoom's decision to come up with a fresh and fun concept for this kind of product. The new line includes a magnetic polarised sunglasses attachment in two different styles, plus lenses with a blue filter to protect the wearer's vision when using digital devices. 7. Highland Park's Single Cask series has made its debut in Asia travel retail at DFS, Singapore Changi Airport. A limited release from Highland Park, the Orkney Single Malt with Viking Soul is said to represent "a rare opportunity for avid collectors and exceptional whisky lovers to discover the unique characteristics of a single particular cask".
